

TRAINING HIGHLIGHT:**WORKPLACE
HEALTH & SAFETY
OFFICER LEVEL 3****PURPOSE:**

This course is stage three of a four stage Workplace Health and Safety Officer training designed to give trainees a higher level of understanding of administration and management principles and practices in Workplace Health and Safety. There will be lots of hands-on practice and a formal written examination is set for participants as part of the formal assessment of the formal assessment of the knowledge and skills gained in the course.

LEARNING OUTCOMES:

Upon completing the Level 3 course, trainees should be able to:

- Develop a Workplace Health and Safety Management Program;
- Describe procedures involved in Emergency Planning;
- Develop an Emergency Response and Rescue program.

COURSE CONTENT:

Topics will include:

- Safety Management;
- Developing Emergency Response & Evacuation Procedures;
- Safety Program Development;
- Marketing the Safety Function;
- OJT Instructions Techniques;
- Hands-on Basic Fire Fighting Training
- Environmental Management.

TEACHING & LEARNING STRATEGIES:

Sessions will be offered in structured training presentations by a facilitator, including activities, exercises and assessment.

CERTIFICATE AWARD:

Participants who successfully complete this course will receive a Safety Officer Level 3 Certificate and will be eligible for Certificate 4 in OH&S.

GREAT FOR:

1. Level 3 Safety Officer Training is a residential program for qualified Safety Officers. It is a very demanding course requiring many hours of work for the whole week.
2. Level 2 or its equivalent is a prerequisite of Level 3 and must be attended for trainees to be eligible for this higher level course.

REQUIREMENTS:

To qualify for this program, you must complete Workplace Health & Safety Officer Level 1 and Level 2.
